Skills

- AutoCAD (Design Software)
- Leadership
- Analysis
- Attention to Detail
- Problem Solving
- Communication
- Team Work
- SDLC & STLC
- Test Planning
- Test Execution
- Test Scenarios
- Test Case Development
- Defect Life Cycle

About Me

Mechanical Engineer with 3 years at Reliance Industries Limited (RIL), focused on billing, documentation, and coordination for large-scale projects. Skilled in contractor billing, compliance checks, and cross-team collaboration. Now, I am transitioning into software quality assurance with hands-on experience in manual/automated testing. Brings a detail-oriented, quality-first approach from engineering to software testing.
